Thanks, Nancy. It sounds as if we can include this information in the protocol, as part of the overall background (with the citation noted below).

Chris, You have done a very good job of describing the process.

Nancy

Hi Nancy,

It was good seeing you again at Ex. 6 Personal Privacy (PP) In writing up some of the background for the research protocol in the study, we wanted to site some of the useful information we received from the meeting materials we received in March from the initial visit with the Synthetic Turf Council, Safe Fields Alliance, Recycled Rubber Council, and the Institute of Scrap Recycling Industries.

We were wondering if that information would be fine to quote, and are asking you since the information comes from multiple sections of the meeting materials. Please see below the section that we would like to use and the citation. Please let us know, if at all possible, by the end of this week if anything does not sound right in our write-up, or if there is anything that needs to be better represented.

Thank you,
Chris Carusiello
